

Technology Equipment and Software Costs

Article Number: 687 | Rating: 5/5 from 1 votes | Last Updated: Feb 6, 2018 at 12:31 PM

***Click on link below to save this information in PDF to your PC.**

These prices are for budgetary and CE planning purposes only. Please consult with IT Asset Management (ITAM) for most current pricing, configuration and quotations. ITAM can be reached at x2035 or itam@csc.edu. Also consult with your Executive Office point of contact (POC) on procurement/funding and approval processes.

Common hardware

- **Standard desktop** or virtual desktop, 22" 16x9 display, built-in graphics. Includes windows operating system, MS Office Professional (Word, Access, PowerPoint, OneNote), Visio Professional, Outlook, Lync chat client, Adobe Acrobat Professional, USB softpad headset with microphone for online conferencing and audio, 8Gb memory: \$900/device

NOTE: IT will recommend either a desktop or a virtual desktop depending on context/need. Please check with ITAM or your support technician.

- **Monitor Standard** Additional 22" 16x9 display with cable and warranty (newer computers only – contact IT support services to see if computer is compatible): \$150

- **Apple iPad 128Gb** Wi-Fi only: \$500/device (includes AppleCare and tracking software license)
- Apple iPad keyboard case: \$100/device
- Apple iPad STM case: \$50/device
- **Apple iPad Pro 9.7in** Wi-Fi only 64GB: \$712/device (includes AppleCare and tracking software license)
- **Apple iPad Pro 12.9in** 128GB, AppleCare | \$900 (case highly recommended | not included)
- iPad Pro Case | \$1
- iPad Pro STM Case for 10.5in | \$50 o iPad Pro STM Case for 12.9in | \$60 o Apple Pencil | \$99
- **Apple MacBook Air** 13in, 1.6GHz i5 processor, 8GB RAM, 256GB HD, Thunderbolt to Gigabit display adapter, mini display to VGA adapter, AppleCare | \$1300
- **Apple MacBook Pro** 13in with Retina Display, 2 GHz i5 processor, 8GB RAM, 256GB HD, Thunderbolt to Gigabit display adapter, Mini display to VGA adapter, AppleCare | \$1,800
- **Apple MacBook Pro** 15in w/ retina display + 2.2GHz i7 processor, 16GB RAM+ 256GB HD, Thunderbolt to Gigabit display adapter, Mini display to VGA adapter, AppleCare | \$2650
- **Apple iMac 27in** w/ retina display + 3.2GHz i5 processor, 8 GB RAM+ 1TB HD, AMD Radeon M390 video card with 2GB DDR RAM, AppleCare | \$1850
- Connection port & wiring (if needed): \$350/device
- Desk telephone (non IP – depends on building) \$150/device *(please check with ITAM for compatible phone types)*
- Desk telephone (IP – not Bluetooth capable) – Cisco CP8841 | \$225/device
- Desk telephone (IP – with headset support capability) Cisco CP8851: \$250

iPad Pro Accessories

- Headset for Desk IP Phone (Bluetooth Plantronics Savi 745IM headset for CPI8851phone): \$450
- Conference Phone (IP) Cisco 8831: \$600
- Laptop carrying case: \$25
- Flatbed document Scanner (Fujitsu fi16x series) : \$1100

Printers/Fax

Fax machine: included with multifunction printer functionality (see MFD in printer list below). Please review all printer needs with Office Services (Jonathan Lipscomb x2566).

Please note: the college does not source as standard equipment inkjet devices.

Pages Per Minute	Ricoh Multi Functional Equipment	Pricing
21 B&W / 21		
Color	SP C252SF(scan/fax) color laser multifunction	\$629
21 B&W / 21		
Color	SP C262SFNw (scan/fax) color laser multifunction	\$652

45 B&W / 45

Color SP C840DN / SP C840DN / SP C840DN color multifunction \$2,475

55 B&W / 55

Color SP C842DN / SP C842DN / SP C842DN color multifunction \$3,143

Pages per Minute Ricoh Printer Equipment Pricing

30 SP 325DNw B&W Laser Printer \$160

30 SP 325SFNw B&W Laser Printer \$266

21 SP C262DNw Color Laser Printer \$336

26 SP C342DN Color Laser Printer \$478

31 SP 4510DN B&W Printer \$508

21 B&W / 21

Color SP C252DN color laser printer \$528

26 B&W / 26

Color Ricoh SPC342 color laser printer \$611

Common additional software

Most of the college software agreements are version specific, so each upgrade is an additional cost. Please plan on a software upgrade every roughly every 18 months if the software is still in use.

- Microsoft Project Professional: \$58 per device per version (new or upgrade).
- Camtasia Studio: \$280 per device per year.
- Adobe Captivate: \$15 per device per year (current version only)
- Adobe Creative Cloud: please check with ITAM (current version only)
- VMWare Fusion (run Windows on Mac): \$17 per device per year.

Expected replacement life cycle:

- Desktops (PC or Mac): 4 years
- Virtual desktop device (VDI): 8 years (this is a projected number as the devices are still very new to the college, but industry based)
- Laptops: 4 years
- Tablets: 2 years
- Servers: 4 years
- SAN storage: 4 years
- Printers: check with Jonathan Lipscomb
- Miscellaneous technology life cycle: 5 years

Grants related costs

- Mobile phone (smart phone, includes mid-tier data plan, device, device insurance, 500 minutes, text messaging but no tethering): \$75/mo
- Phone usage (covers cost of circuits and long distance and average usage): \$20.15/mo
- Voice mail: \$6.50/mo

- Estimated annual support cost (~16 hours @\$25): \$400 per supported headcount
