

Enable RSAT features once installed

Article Number: 74 | Rating: Unrated | Last Updated: Oct 1, 2014 at 9:28 AM

ISSUE

Enable RSAT features once RSAT is installed.

ENVIRONMENT

Windows 7

Remote Server Administrative Tools

RESOLUTION

1. Click **Start**, click **Control Panel**, and then click **Programs**.
2. In the **Programs and Features** area, click **Turn Windows features on or off**.
If you are prompted by **User Account Control** to allow the **Windows Features** dialog box to open, click **Continue**.
3. In the **Windows Features** dialog box, expand **Remote Server Administration Tools**.
4. Select the remote management tools that you want to install, and then click **OK**.

To add the administrative tools to the Start Menu see [Display Administrative Tools on the Windows 7 Start Menu](#).
